ITEM 14. INDEMNIFICATION OF DIRECTORS AND OFFICERS.

Delaware law provides that directors of a corporation will not be personally liable to the corporation or its stockholders for monetary damages for breach of their fiduciary duties as directors, except for liability:

- for any breach of their duty of loyalty to the corporation or its stockholders;
- for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;
- under Section 174 of the Delaware General Corporation Law (“DGCL”) relating to unlawful payments of dividends or unlawful stock repurchases or redemptions; or
- for any transaction from which the director derived an improper personal benefit.

The limitation of liability does not apply to liabilities arising under the federal or state securities laws and does not affect the availability of equitable remedies, such as injunctive relief or rescission.

Article XI of the Company’s Amended and Restated Certificate of Incorporation (the “Certificate of Incorporation”) specifies that a director of the Company shall not be personally liable to the Company or to any stockholders for monetary damages for breach of fiduciary duties as a director, except to the extent such exemption from liability or limitation thereof is not permitted under the DGCL.

Article XII of the Certificate of Incorporation and Article XIII of the Company’s Amended and Restated Bylaws (the “Bylaws”) state that the Company shall indemnify, to the fullest extent permitted by applicable law, any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding authorized by the Company’s board of directors by reason of the fact that such person is or was a director or officer of the Company or is or was serving at the request of the Company.

Article XIII of the Certificate of Incorporation permits the Company to purchase and maintain director or officer liability insurance.

The registrant has entered into indemnification agreements with its directors and officers. Subject to certain limited exceptions, under these agreements, the registrant will be obligated, to the fullest extent not prohibited by the DGCL, to indemnify such directors and officers against all expenses, judgments, fines and penalties incurred in connection with the defense or settlement of any actions brought against them by reason of the fact that they were directors or officers of the registrant. The registrant also maintains liability insurance for its directors and officers in order to limit its exposure to liability for indemnification of such persons.

ITEM 15. RECENT SALES OF UNREGISTERED SECURITIES

Since April 1, 2011, the registrant made the following issuances of its unregistered securities as described below. All share amounts have been retroactively adjusted to give effect to the reverse stock split of 33.11451201-for-1 of the registrant's common stock and the conversion of the registrant's outstanding shares of Series AA preferred stock to common stock, each effected on June 10, 2014.

The issuances of the above securities were deemed to be exempt from registration under the Securities Act in reliance upon Section 4(2), Rule 144A and Regulation S under the Securities Act.

(4) On June 10, 2014, in connection with the private placement, the registrant converted all outstanding warrants to purchase shares of Series AA Preferred Stock into 29,809 shares of the registrant's common stock upon the closing of the private placement. issued upon the conversion of all outstanding warrants to purchase shares of our Series AA Preferred Stock, and (iii) all outstanding restricted stock units for shares of our Series AA Preferred Stock were converted to 44,197 restricted stock units for shares of our common stock were.

(5) From January 2013 through 2014, the registrant issued redeemable promissory notes in the aggregate amount of \$1,016,956.00, which included detachable warrants to purchase shares of common stock at a rate of 150 shares of common stock for every \$1,000 in principal. Under the original terms, the warrants would detach if the registrant failed to repay the entire principal and outstanding interest by July 1, 2014. In connection with the private placement, on May 14, 2014, the redeemable promissory notes were amended to provide that (a) the redeemable promissory notes will automatically be converted into that number of shares of the registrant's common stock equal to the sum of 140% of the outstanding principal on the redeemable promissory notes plus outstanding interest divided by \$20.00 per share upon the closing of registrant's acquisition of the Spectrum Assets from Sprint Corporation and (b) the warrants will not detach, and therefore, will not be exercisable.

The Class B units are immediately convertible at the option of Motorola into 500,000 shares of the Company's common stock.

(8) On September 15, 2014, the Company issued 65,000 shares of its common stock, which was issued in connection with the cancellation of \$1.3 million of outstanding debt;

(9) On September 15, 2014, the Company issued, 77,734 shares of its common stock, which was issued in connection with the automatic conversion of the outstanding redeemable notes, at the Spectrum Closing

Unless otherwise stated above, the issuances of the above securities were deemed to be exempt from registration under the Securities Act in reliance upon Section 4(2) of the Securities Act, or Regulation D promulgated thereunder, or Rule 701 promulgated under Section 3(b) of the Securities Act as transactions by an issuer not involving any public offering or pursuant to benefit plans and contracts relating to compensation as

provided under Rule 701. The recipients of the securities in each of these transactions represented their intentions to acquire the securities for investment only and not with a view to or for sale in connection with any distribution thereof and appropriate legends were placed upon the stock certificates issued in these transactions.

ITEM 16. EXHIBITS AND FINANCIAL STATEMENT SCHEDULES

(a) Exhibits

See Exhibit Index.

(b) Financial Statement Schedules

All schedules for which provision is made in the applicable accounting regulations of the Securities and Exchange Commission are omitted because they are not required, are not applicable or the information is included in the financial statements or notes thereto.

ITEM 17. UNDERTAKINGS

The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or issuances are being made, a post-effective amendment to this registration statement:
 - (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and
 - (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.
- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering; and
- (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, the registrant has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized in the City of Paterson, State of New Jersey, on November 26, 2014.

(a) Sellers' Representations and Warranties. Sellers represent and warrant to Buyer that the statements in this Section 8(a) are correct and complete as of the date hereof:

(i) *Organization; Authority; Binding Effect.* Each of the Sellers is either a limited liability company or corporation, as applicable, duly organized, validly existing and in good standing under the laws of the state of its organization. Each of the Sellers has all requisite power and authority and full legal right to enter into this Agreement and to perform all of its agreements and obligations under this Agreement in accordance with its term. The execution, delivery and performance of this Agreement by each of the Sellers and the consummation of the transactions contemplated hereby have been duly and validly authorized by all requisite corporate or limited liability company action, as applicable, and no additional corporate or limited liability company actions on any Sellers's part are necessary to authorize the execution, delivery or performance of this Agreement. This Agreement has been duly executed and delivered by each Sellers, and, upon such execution, constitutes the legal, valid and binding obligation of such Sellers, enforceable against such Sellers in accordance with its terms.

(ii) *Non-Contravention.* Neither the execution and delivery of this Agreement by Sellers nor the consummation by Sellers of the transactions contemplated hereby will constitute a violation of, or be in conflict with, or constitute or create a default under (x) the articles of incorporation, certificate of incorporation or certificate of formation, as applicable, or the by-laws or operating agreement, as applicable, of such Sellers, each as amended to date, (y) any material agreement or commitment relating to the Spectrum Assets to which such Sellers are a party or (z) any statute or any judgment, decree, order, regulation or rule of any court or Governmental Authority, except, with respect to subsections (y) and (z), for violations, conflicts, defaults or the like that would not reasonably be expected to prevent or materially impede the consummation of the Closing.

(iii) *Title and Rights to Assets.* Sellers are the lawful, beneficial and exclusive owner of the Licenses and the Equipment free and clear of any Liens and have good and marketable title thereto, and Sellers have the unrestricted right to sell and assign, or cause the sale and assignment of the Spectrum Assets to Buyer at Closing free and clear of Liens. (iv) *Licenses.* The Licenses comply with the Communications Act of 1934, as amended, and the rules, regulations, orders, and written policies of the FCC.

(v) *Pending or Threatened Action.* There is no pending or, to the best of Sellers' knowledge, threatened action by the FCC or any other Governmental Authority or third party to suspend, revoke, terminate or challenge any of the Licenses or Sellers' right to operate the System.

(vi) *Brokerage.* There are no claims for brokerage commissions, finder's fees or similar compensation payable by Sellers in connection with the transactions contemplated by this Agreement based on any arrangement or agreement made by or on behalf of Sellers.

(vii) *No Other Representations and Warranties.* Except for the specific representations and warranties expressly made by Sellers in Section 8(a) hereof, Sellers makes no representations or warranties of any kind or nature with respect to Sellers or the Spectrum Assets, and Sellers hereby expressly disclaim all other warranties, express or implied, of any kind or nature.

(i) *Organization; Authority; Binding Effect.* Buyer is a corporation, duly organized, validly existing and in good standing under the laws of the State of California. Buyer has all requisite power and authority and full legal right to enter into this Agreement and to perform all of its agreements and obligations under this Agreement in accordance with its terms. The execution, delivery and performance of this Agreement by Buyer and the consummation of the transactions contemplated hereby have been duly and validly authorized by all requisite corporate action, as applicable, and no additional corporate proceedings are necessary to authorize the execution, delivery or performance of this Agreement. This Agreement has been duly executed and delivered by Buyer, and, upon such execution, constitutes the legal, valid and binding obligation of Buyer, enforceable against Buyer.

(ii) *Non-Contravention.* Neither the execution and delivery of this Agreement by Buyer nor the consummation by Buyer of the transactions contemplated hereby will constitute a violation of, or be in conflict with, or constitute or create a default under (x) the articles of incorporation, or the by-laws of Buyer, each as amended to date (y) any agreement or commitment to which Buyer is a party or (z) any statute or any judgment, decree, order, regulation or rule of any court or Governmental Authority, except, with respect to subsections (y) and (z), for violations, conflicts, defaults or the like that would not reasonably be expected to prevent or materially impede the consummation of the Closing.

(iii) *Capitalization.* Buyer is financially able to meet its obligations hereunder, including (after completion of the 144A Transaction) with respect to the payment of the Aggregate Consideration. Buyer is qualified under all applicable laws, rules and regulations to hold and receive the Spectrum Assets.

(v) *No Other Representations and Warranties.* Except for the specific representations and warranties expressly made by Buyer in Section 8(b) hereof, Buyer makes no representations or warranties of any kind or nature with respect to Buyer, and Buyer hereby expressly disclaims all other warranties, express or implied, of any kind or nature.

9. Covenants:

(a) *HSR Filing.* Buyer and Sellers agree that as promptly as reasonably practicable following the execution of this Agreement, Buyer and Sellers shall make all premerger notification filings required under (a) the HSR Act (which shall in any event be made within twenty (20) business days after the date hereof), (b) the pre-merger notification rules in any other jurisdiction in which Buyer and Sellers agree applicable law requires a premerger notification filing (which filing shall be made promptly following such determination) and (c) comply at the earliest practical date with any request under the HSR Act for additional information, documents or other materials received by each of them or any of their respective affiliates from the Federal Trade Commission or the Antitrust Division of the Department of Justice in respect of such filings, whether such request is formal or informal. Subject to applicable law,

each such Party shall promptly inform the other Parties hereto of any oral communication with, and provide copies of written communication with, any Governmental Authority regarding any such filings. No Party shall independently participate in any substantive meeting or discussion, either in person or by telephone, with any Governmental Authority in respect of any such filings, investigation or other inquiry without giving the other Parties hereto prior notice of the meeting and, to the extent permitted by such Governmental Authority, the opportunity to attend and/or participate. Subject to applicable law, the Parties will consult and cooperate with one another in connection with any analyses, appearances, presentations, memoranda, briefs, arguments, opinions and proposals made or submitted by or on behalf of any Party hereto relating to proceedings under the HSR Act or any other antitrust law.

(b) Other Regulatory Filings. Prior to the Closing, upon the terms and subject to the conditions of this Agreement, and except as contemplated by this Agreement or any Final Order, Buyer and Sellers shall take, or cause to be taken, all actions, and do, or cause to be done, all things necessary, proper or advisable to consummate the Closing and the transfer of the Spectrum Assets as promptly as reasonably practicable, including the preparation and filing of all forms, registrations and notices required pursuant to applicable law to be filed to consummate the Closing and transfer of the Spectrum Assets and the taking of such actions as are necessary to obtain any requisite approvals, authorizations, consents, releases, orders, licenses, permits, qualifications, exemptions or waivers by any government agency with jurisdiction over the transfer of the Spectrum Assets including the FCC (“**Governmental Authority**”).

(c) Conduct of the Business of Sellers. From the date hereof to the Closing Date, Sellers will: (i) operate the System only in the ordinary and usual course of business, (ii) not sell, dispose, encumber or permit the sale, disposal or encumbrance of any of the Spectrum Assets, (iii) take all reasonably necessary actions to maintain the continued validity of the Licenses and (iv) cooperate with Buyer in all applications or filings with the FCC and under the HSR Act in connection with this Agreement.

(d) Further Assurances. From and after the Closing Date, Sellers shall at any time and from time to time, upon Buyer’s reasonable request, execute and deliver such instruments of conveyance and assignment and shall take such action as Buyer may reasonably request to more effectively transfer to and vest in Buyer, or its successors and assigns, and to put Buyer in possession of, any and all of the Spectrum Assets, free and clear of any and all Liens.

(e) Conflicting Agreements. Except as contemplated by this Agreement, neither Buyer nor Sellers will enter into, or cause any of the Spectrum Assets to be or become subject to, any contract or arrangement that would preclude or would be violated by Buyer’s or Sellers’ performance of Buyer’s or Sellers’ obligations hereunder, as applicable, or the consummation of the transactions consummated hereby, and Buyer and Sellers covenant that, if any person should allege that any such contract or arrangement exists or otherwise seeks to challenge consummation of the transactions (or any portion thereof) contemplated hereby by reason of any course of conduct or circumstances on the part of Buyer or Sellers, as applicable, then Buyer or Sellers, as applicable, shall promptly use Buyer’s or Sellers’ reasonable best efforts, as applicable, to resolve such allegations or challenges so as to permit the transactions contemplated hereby to be consummated as soon as is practicable, and Buyer and Sellers acknowledge that, until such allegations and challenges have been finally and favorably so resolved, neither Sellers nor Buyer, as applicable, shall be obligated to close the transactions contemplated hereby.

(f) Notice to FCC. After the Closing, and not as a condition to Closing, Buyer shall provide proper notice to the FCC of consummation of the transactions contemplated hereby within a reasonable time, not to exceed the FCC mandated thirty (30) day consummation notice period, following the Closing Date.

(g) Transition Services Agreement. From the Effective Date through the Closing, Buyer and Sellers will cooperate with each other with respect to the negotiation, finalization, execution and delivery of the Transition Services Agreement.

10. **No Solicitation**: Sellers will not, nor will Sellers authorize or permit any of their subsidiaries to, and will cause their respective directors, officers or employees or any advisor, agent or representative (collectively, "**Representatives**") retained by Sellers or their subsidiaries not to, directly or indirectly through another person solicit, initiate, or knowingly encourage any inquiries or the making of any proposal that constitutes or is reasonably likely to lead to a bid or proposal to purchase or otherwise acquire any interest, including any leasehold interest, in any of the Spectrum Assets.

11. **Confidentiality**: The terms of this Agreement and any information about the System, the Spectrum Assets, or Buyer's or Sellers' business shall be kept strictly confidential by the Parties and their Representatives; provided, however that all confidentiality obligations of Buyer with respect to the Spectrum Assets and Assumed Liabilities shall terminate simultaneously with the Closing. Sellers shall, and shall cause their respective Representatives to treat after the date hereof as strictly confidential (unless compelled to disclose by judicial or administrative process) all nonpublic, confidential or proprietary information included in the Spectrum Assets (the "**Buyer Covered Information**"), and Sellers shall not, and shall cause their respective Representatives not to, after the date hereof, use the Buyer Covered Information for any purpose whatsoever, including without limitation to the detriment of Buyer or disclose the Buyer Covered Information to any person or entity, except (i) as expressly set forth herein; or (ii) where such Buyer Covered Information has become generally known to the public without breach by any Seller of this Section 11. The Parties may make disclosures to their Representatives as necessary to perform the Parties' obligations hereunder. To the extent that any Parties make disclosures to its Representatives, the disclosing Party shall use its commercially reasonable efforts to cause such Representatives to honor the provisions of this Section 11. With respect to the period prior to the Closing, the obligations under this Section 11 shall not apply to information which (a) is or becomes generally available to the public without breach of the commitment provided for in this Section 11, (b) is or becomes available on a non-confidential basis from someone other than a Party to this Agreement, provided that the source of such information is not known to the receiving Party to be bound by any obligation not to transmit such information, (c) is independently developed without breach of the commitment provided for in this Section 11, (d) is required to be disclosed by law, order or regulation of a court or tribunal or Governmental Authority, provided, however, that if such disclosure is required pursuant to subsection (d), the disclosing Party shall notify the applicable Party as early as practicable prior to disclosure to allow such Party to take appropriate measures to preserve the confidentiality of such information, (e) is disclosed to a Governmental Authority for the purposes of obtaining any necessary approval or consent contemplated by this Agreement, or (f) the disclosure of the material terms of the Agreement to the Buyer's placement agent and the potential investors in the 144A Transaction, provided each such party agrees to maintain the confidentiality of such information. Any public announcement of the transactions contemplated by this Agreement shall be made only upon the mutual written consent of the Parties.

12. **Indemnity**:

(a) Survival. The representations and warranties set forth in Section 8 shall survive for a period of two (2) years following the Closing Date (the "**Survival Period**"); provided that if on or prior to the expiration of the Survival Period, a written claim for indemnification shall have been made by the indemnified Party to the indemnifying Party in accordance with the terms hereof, the indemnified Party shall continue to have the right to be indemnified with respect to such claim pursuant to the terms hereof. Notwithstanding anything to the contrary contained herein, none of the covenants or other agreements contained in this Agreement shall survive the Closing Date other than those which by their terms

contemplate performance after the Closing Date, and each such surviving covenant and agreement shall survive the Closing for the period contemplated by its terms.

(b) Sellers' Indemnity. From and after the Closing Date, Sellers shall jointly and severally indemnify, defend and hold Buyer, and each Buyer's officers, directors, employees and agents harmless from and against all demands, claims, actions, losses, damages, liabilities, costs and expenses, including, without limitation, reasonable attorneys' fees and expenses, as well as expenses incurred in investigating or attempting to avoid the same or to oppose the imposition thereof, or in enforcing this indemnity (collectively, "**Costs**"), asserted against, imposed upon or incurred by Buyer resulting from: (i) any breach of any covenant, agreement, representation or warranty of Sellers contained in this Agreement and (ii) any and all Excluded Liabilities.

(c) Buyer's Indemnity. From and after the Closing Date, Buyer shall indemnify, defend and hold Sellers, and their respective officers, directors, employees and agents harmless from and against all Costs asserted against, imposed upon or incurred by Sellers resulting from: (i) any breach of any covenant, agreement, representation or warranty of Buyer contained in this Agreement, (ii) any and all Assumed Liabilities.

(e) Sole and Exclusive Remedy. Subject to Section 14 hereof, the Parties acknowledge and agree that their respective sole and exclusive remedy with respect to any and all claims arising after the Closing (other than claims arising from fraud on the part of a Party hereto in connection with the transactions contemplated by this Agreement) for any breach of any representation, warranty, covenant, agreement or obligation set forth herein or otherwise relating to the subject matter of this Agreement, shall be pursuant to the indemnification provisions set forth in this Section 12.

(f) Third Party Claims. In the event that any written claim or demand for which an indemnifying Party may have liability to any indemnified Party hereunder is asserted against or sought to be collected from any indemnified Party by a third party (a "**Third Party Claim**"), such indemnified Party shall promptly, but in no event more than ten (10) days following such indemnified Party's receipt of a Third Party Claim, notify the indemnifying Party of such Third Party Claim, the amount or the estimated amount of damages sought thereunder to the extent then ascertainable, any other remedy sought thereunder, any relevant time constraints relating thereto, a reasonably detailed explanation of the events giving rise to such Third Party Claim and any other material details pertaining thereto (a "**Claim Notice**"); provided that the failure to timely give a Claim Notice shall not relieve the indemnifying Party of its obligations hereunder, except to the extent that the indemnifying Party shall have been actually and materially prejudiced by such failure. Thereafter, the indemnified Party shall deliver to the indemnifying Party, promptly following the indemnified Party's receipt thereof, copies of all notices and documents (including court papers) received by the indemnified Party relating to the Third Party Claim.

(g) Direct Indemnity Claims. Each indemnified Party shall assert any claim on account of any Costs which do not result from a Third Party Claim (a "**Direct Claim**") by giving the indemnifying Party written notice thereof reasonably promptly (and, in any event, no later than thirty (30) days following the indemnified Party's discovery of the applicable Costs reasonably likely to give rise to a claim under this Agreement). Such notice by the indemnified Party shall describe the Direct Claim in reasonable detail, include copies of all available material documents relating to the Direct Claim and indicate the estimated amount, if reasonably practicable, of Costs that have been or may be sustained by the indemnified Party; provided that the failure to timely give such notice shall not affect the rights of an indemnified Party hereunder unless (i) such failure has a prejudicial effect on the defenses or other rights available to the indemnifying Party with respect to such Direct Claim, (ii) such failure has a prejudicial effect on the indemnifying Party's or the indemnified Party's ability to mitigate such Direct Claim or (iii) the indemnification obligations are materially increased as a result of such failure.

13. Termination:

(a) **Termination.** This Agreement and the transactions contemplated hereby may be terminated at any time prior to the Closing: (i) by mutual consent of the Buyer and Sellers provided in writing, (ii) by either Party if the FCC consent to the ULS Application has not occurred within 180 days from the filing of the ULS Application, (iii) by Buyer, upon material breach by any Sellers of any of its representations and warranties, covenants or agreements contained herein, which breach is not cured within thirty (30) days after receipt by Sellers of written notice of the breach specifying particularly such breach, and such breach would result in a failure to satisfy the conditions to Closing set forth in Section 7(a), (iv) by Sellers if Buyer fails to commence activities related to the 144A Transaction within 30 days of the Effective Date or (v) by Sellers upon material breach by Buyer of any of its representations and warranties, covenants or agreements contained herein, which breach is not cured within thirty (30) days after receipt by Buyer of written notice of the breach specifying particularly such breach, and such breach would result in a failure to satisfy the conditions to Closing set forth in Section 7(b). Notwithstanding the foregoing, this Agreement and the transactions contemplated hereby shall terminate automatically if the conditions to Closing specified in Section 7(a)(ix) have not been satisfied by Buyer within 90 days of filing the ULS Application.

(b) **Effect of Termination.** In the event of the termination of this Agreement in accordance with Section 13(a), (i) this Agreement, insofar as it relates to the Parties' rights and obligations relating thereto, shall thereafter become void and have no effect, and no Party shall have any liability to the other Party or their respective affiliates or Representatives, except for the obligations of the Parties contained in Section 11, this Section 13(b) and Sections 14 - 24 (and any related definitional provisions set forth in this Agreement), and except that nothing in this Section 13(b) shall relieve either Party from liability for any fraud or intentional breach of this Agreement that arose prior to such termination and (ii) Sellers shall return the Deposit to Buyer within three (3) business days following such termination by wire transfer to an account designated by Buyer in writing.

14. Specific Performance: The Parties acknowledge that the Spectrum Assets are unique and the loss to the Parties due to one or more Party's failure to perform this Agreement could not be easily measured with damages. The Parties shall be entitled to specifically enforce this Agreement in a court of equity without proof of specific monetary damages, but without waiving any right thereto, in the event of breach of this Agreement by one or more of the other Parties.

15. Waiver: Buyer or Sellers, by written notice to the other, may (a) extend the time for performance of any of the obligations or other actions of the other Parties under this Agreement, (b) waive any inaccuracies in the representations or warranties of the other Parties contained in this Agreement or in any document delivered pursuant to this Agreement, (c) waive compliance with any of the conditions or covenants of the other Parties contained in this Agreement or (d) waive or modify performance of any of the obligations of the other Parties under this Agreement, provided that neither Party may without the consent of the other Parties make or grant such extension of time, waiver of inaccuracies or compliance, or waiver or modification of performance, with respect to its own obligations, representations, warranties, conditions or covenants hereunder. Except as provided in the preceding sentence, no action taken pursuant to this Agreement shall be deemed to constitute a waiver of compliance with any representation, warranty, covenant or agreement contained in this Agreement and shall not operate or be construed as a waiver of any subsequent breach, whether of a similar or dissimilar nature.

16. Attorney's Fees and Costs: Should any Party be required to retain the services of an attorney to file an action to enforce any of its rights hereunder, or under any other document executed and delivered pursuant to this Agreement, the Party prevailing in such action shall be entitled to recover from the other Party reasonable attorney's fees and court costs in connection therewith in an amount to be fixed

by the court hearing the action.

17. **Notices:** All notices and other communications hereunder shall be in writing and shall be deemed given (a) the same day if delivered personally, by facsimile or by electronic mail, (b) the next business day if sent by overnight delivery via a reliable express delivery service or (c) after five (5) business days if sent by certified mail, return receipt requested, postage prepaid. All notices shall be delivered to the Parties at the following addresses (or at such other address for a Party as shall be specified by like notice, provided that notice of change of address shall be effective only upon receipt thereof):

In the event that any covenant, condition or other provision contained in this Agreement is held to be invalid, void or unlawful by any administrative agency or court of competent jurisdiction, that provision shall be deemed severable from the remainder of this Agreement and shall in no way affect, impair or invalidate any other covenant, condition or other provision contained herein, and the Parties shall use their reasonable best efforts to make the covenant, condition or other provision valid and lawful if possible so as to preserve the rights and obligations of the Parties hereto.

24. **Amendment:** This Agreement, together with the Schedules hereto, constitutes the entire understanding and agreement between the Parties concerning the subject matter hereof, superseding all prior oral or written agreements or understandings. Dear John:

The purpose of this letter is to confirm that FCI 900, Inc., ACI 900, Inc., Machine License Holdings, LLC, Nextel WIP License Corp. and Nextel License Holdings 1, Inc. (collectively, "Sellers") and Pacific DataVision, Inc. "13. (a)(ii) by either Party if the FCC consent to the ULS Application has not occurred within 180 days from the filing of the ULS Application provided, however, that if FCC consent has not occurred within 180 days due to no fault of either Party, the 180 days will be extended for 2 periods of 90 days each up to an additional 180 days. In the event FCC consent for the ULS Application still has not occurred 360 days after its filing, Seller has the sole option to either terminate the Agreement or extend for an additional 90 day period. If Seller elects to terminate, Seller will promptly return the Deposit to Buyer (less all FCC ULS Application fees, FCC license modification fees and Buyer's ½ of the HSR filing fee) and the Parties will have no further obligation under the Agreement to each other, "

Please sign the acknowledgement below to indicate Buyer's acceptance to the change above. If there are any questions, please do not hesitate to contact me.

The parties agree as follows:

AGREEMENT**1.0 GRANT OF LICENSE**

Contingent upon Licensee’s compliance with these terms and conditions, including payment in Section 4.0 and Attachment A, Sprint grants to Licensee a nonexclusive, non-transferable, license in the United States to install, execute, use, copy, test, display, and perform only the 900MHz functionality of the Software Products solely for Licensee’s internal business use. As used in this Agreement, “**Software Product**” means the software tools listed in Attachment A. If any part of the Software Product requires the use of third-party software, Licensee is responsible for obtaining licenses to the third-party software. Sprint may suspend, block or terminate Licensee’s use of any software if Licensee fails to comply with any applicable licensing requirement.

2.0 SCOPE OF USE**2.1 Title and Use Restrictions**

- A. This Agreement does not grant Licensee title to, or rights of ownership in, the Software Product. All Software Products furnished by Sprint, and all copies made by or on behalf of Licensee, including any translations, compilations and partial copies, and all Modifications, are and will remain the property of Sprint.
- B. Licensee is not granted any right to use any software on behalf of third parties or for time share or service bureau activities. No rights are granted to source code and Licensee agrees not to reverse engineer, decompile, sublicense, sell, lease, modify, create derivative works or, or enhance any software. If the Licensee’s use of the Software Product interferes with the use of Sprint’s network by Sprint or third parties, Sprint, in its reasonable discretion, may suspend or disconnect the affected Software Product without advance notice to Licensee.

2.2 Ownership of Licensee Modifications

Licensee will not modify or create copies of the Software Product.

- A. Notwithstanding anything herein to the contrary, each party acknowledges and agrees that, as between the parties, each party is and shall remain the sole and exclusive owner of all right, title and interest in any intellectual property owned by either party prior to the effective date of this Agreement. Further, any data of Licensee or its customers will remain the sole property of Licensee and/or its customers and any data of Sprint or its customers will remain the sole property of Sprint and/or its customers.
- B. Licensee may, but is not obligated to, provide Sprint with ideas, suggestions, know-how, or other information related to the Software Products ("Feedback"). Any Feedback received from Licensee shall be entirely voluntary on the part of Licensee and may be used without obligation of any kind to Licensee or its affiliates.

3.0 DELIVERY

Sprint will provide consent for delivery of the Software Product. Licensee will make arrangements and pay for the cost of any transfer of the Software Product, if any.

4.0 RATES, INVOICING AND PAYMENT TERMS

4.1 Rates, Payment Method and Taxes.

- A. All licenses granted are contingent upon Licensee's prompt payment to Sprint of the rates set forth in Attachment A for the Software Product.
- B. Except as stated otherwise in Attachment A, any payments due to Sprint must be paid by Licensee through payment in U.S. Dollars. Payments are to be made by Licensee as outlined in Attachment A.
- C. Licensee must pay any taxes, if any, related to the licensing in accordance with this Agreement but excluding any taxes based upon Sprint's gross or net income.
- D. Licensee must pay Sprint interest for each payment or part thereof not paid within the time required by this Agreement. After such payment is due, interest will be calculated from the date when the payment is due and payable in full at the annual rate of 1% per month, or the highest rate permitted by law, whichever is less.

4.2 Payment and Notification

Payment Reports by Licensee must be made to Sprint at the following address or to such address provided to Licensee in writing:

Sprint Licensing – Intellectual Property Department
6450 Sprint Parkway
KSOPHN0312 – 3A223
Overland Park, KS 66251
Attn.: Assistant Vice President Law – Intellectual Property

4.3 Records and Audit Rights

Licensee's records must include the number, date and location of all copies of the Software Product. Licensee will promptly notify Sprint if Licensee becomes aware or reasonably suspects that there has been an unauthorized possession or use of the Software Product. Sprint, or its representatives may audit Licensee and its affiliates' books and records at a mutually agreed upon time, not more frequently

than once per calendar year during regular business hours at Licensee's principal place of business, and upon reasonable advance notice of at least fourteen (14) days. Any audit shall be limited to the extent and insofar as is necessary to verify the accuracy of the information required to be contained in the above-mentioned records.

5.0 TERM & TERMINATION

Unless sooner terminated in accordance with the provisions of this Section 5.0 or by operation of law, or otherwise, the Agreement will continue in full force and effect until January 1, 2015. The Agreement shall be extended automatically for up to twelve (12) additional six-month renewal terms unless terminated by either party by providing written notice to the other at least sixty (60) days prior to the end of the then current term.

5.1 Termination for Cause

If a party materially breaches this Agreement, the other party must give the breaching party a material breach notice, identifying the action or inaction that is the basis of the breach. The party that gave the breach notice may terminate this Agreement if the breaching party has not cured the breach within 45 days after the date of the breach notice. Unless otherwise provided in the notice or unless the breach has been cured, the termination is effective 46 days after the date of the notice.

5.2 Effect of Termination.

- A. Termination of this Agreement for any cause does not release either party from any liability which, at the time of termination, has already accrued to the other party, or which may accrue in respect of any act or omission prior to termination or from any obligation that is expressly stated to survive the termination.
- B. In the event of any termination, Licensee must cease using Software Product and must return to Sprint all original and copies of the Software Product within five (5) days after the effective date of the termination.

6.0 WARRANTIES

- A. LICENSEE ACKNOWLEDGES THE SOFTWARE PRODUCT MAY CONTAIN ERRORS AND THAT THE RELATED DOCUMENTATION, IF ANY, MAY BE INCOMPLETE. SPRINT IS PROVIDING THE SOFTWARE PRODUCT AND THE LICENSES "AS IS" AND MAKES NO OTHER WARRANTIES, EITHER EXPRESS OR IMPLIED, WITH RESPECT TO THE SOFTWARE PRODUCT. SPRINT DISCLAIMS ALL EXPRESS OR IMPLIED WARRANTIES AND IN PARTICULAR DISCLAIMS ALL WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, OR THE LIKE.
- B. Except as provided for herein, no warranties or representations of any kind are to be made by Licensee on behalf of Sprint. All warranties and representations made by Licensee, and all claims, suits, actions, demands, liabilities and obligations, legal or otherwise, made or owed by Licensee in respect of the Software Product will be at the sole responsibility, cost, and risk of Licensee. Licensee agrees to indemnify Sprint and pay all defense costs, for any claims arising out of Licensee's or based on Licensee's marketing, operation or any use of the Software Products.
- C. In the event of a claim against Sprint for intellectual property infringement based on the Software Product, Sprint will make reasonable efforts to notify Licensee of the claim.

7.0 LIMITATION OF DAMAGES

- A. **Except for any indemnity claims, neither party will be liable to the other for consequential, indirect or punitive damages for any cause of action, whether in contract, tort or otherwise, except for any grossly negligent, willful or fraudulent act or omission.**
- B. Consequential damages include, but are not limited to, lost profits, lost revenues and lost business opportunities, whether or not the other party was or should have been aware of the possibility of these damages.
- C. Sprint is not responsible or liable for the content of any data or information transmitted, accessed or received by Licensee through the Software Products.

8.0 CONFIDENTIALITY AND LIMITED USE OF INFORMATION

8.1 General

Each party acknowledges that while performing its obligations under this Agreement it may have access to Confidential Information of the other party. **“Confidential Information”** means: (i) this Agreement and the discussions, negotiations and proposals related to this Agreements; (ii) the Software Product; and (iii) any information concerning the other party’s business including, without limitation, tangible, intangible, visual, electronic, written, oral, present, or future information such as: (a) trade secrets; (b) financial information and pricing; (c) technical information, such as research, development, procedures, algorithms, data, designs, and know-how; and (d) business information, such as operations, planning, marketing interests, products and customer names. Each party will keep Confidential Information of the other confidential and will only use that Confidential Information to perform their respective obligations under this Agreement. Upon cessation of work, or upon written request, each party will return or destroy all Confidential Information of the other. Neither party will disclose to the other any Confidential Information of a third party without the consent of that third party.

8.2 Exceptions.

Confidential Information does not include information that is:

- a) rightfully known to the recipient prior to negotiations leading up to this Agreement;
- b) independently developed by the recipient without any reliance on Confidential Information;
- c) part of the public domain or is lawfully obtained by the recipient from a third party not under an obligation of confidentiality; or
- d) required to be disclosed by law or legal process, so long as the recipient uses reasonable efforts to cooperate with the disclosing party in limiting disclosure.

8.3 No Publicity.

Neither party will, without the other’s prior written consent, make any news release, public announcement, denial or confirmation of this Agreement, its value, or its terms and conditions, or in any other manner advertise or publish this Agreement, its value, or its terms and conditions. Nothing in this Agreement is intended to imply that Sprint will agree to any publicity whatsoever, and Sprint may, in its sole discretion, withhold its consent to any publicity.

8.4 Injunctive Relief.

Each party agrees that the wrongful disclosure of Confidential Information may cause irreparable injury that is inadequately compensable in monetary damages. Accordingly, either party may seek injunctive relief in any court of competent jurisdiction for the breach or threatened breach of this Section 8.0, in addition to any other remedies in law or equity.

9.0 DISPUTE RESOLUTION

9.1 Waiver of Jury Trial.

Each party waives its right to a jury trial in any court action arising among the parties, whether under this agreement or otherwise related to this agreement, and whether made by claim, counterclaim, third party claim or otherwise.

9.2 Governing Law.

This Agreement and the rights and obligations of the parties are governed by the laws of the state of Kansas, without regard to any conflict of laws principles. This Agreement will not be governed or interpreted in any way by referring to any law based on the Uniform Computer Information Transactions Act (UCITA), even if that law is adopted in Kansas.

9.3 Forum Selection.

Any court proceeding brought by either party must be brought, as appropriate, in Kansas District Court located in Johnson County Kansas, or in the United States District Court for the District of Kansas in Kansas City, Kansas. Each party agrees to personal jurisdiction in either court.

10.0 ASSIGNMENT

Either party may assign any of its rights or this Agreement or delegate any of its obligations to any affiliate or entity under its management and control without the consent of the other party. Otherwise, notwithstanding anything to the contrary in this Agreement, neither party may assign any of its rights or assign this Agreement or delegate any of its obligations without the prior written consent of the other party.

11.0 TRADEMARKS

Nothing in this Agreement grants Licensee the right to use any trademarks, trade names or logos of Sprint.

13.2 No Third Party Beneficiaries.

This Agreement's benefits do not extend to any third party.

13.3 Remedies, Waiver, Severability.

All rights and remedies of the parties under this Agreement, in law or at equity, are cumulative and may be exercised concurrently or separately. The exercise of any one remedy will not be an election of that remedy to the exclusion of other remedies. The waiver of a breach of any term of this Agreement will not constitute the waiver of any other breach of the same or any other term. If any provision of this Agreement is held to be unenforceable, the remaining provisions will remain in effect and the parties will negotiate in good faith a substantively comparable enforceable provision to replace the unenforceable provision.

ATTACHMENT A

This Attachment A to the License Agreement sets forth the terms and conditions for a license for the Software Products identified below. Except as modified by this Attachment A, the terms and conditions of the Agreement remain in full force and effect.

Software Product:

Inspectra and FapX

Description:

Sprint developed the two spectrum management software products which assist in analysis of 900 MHz spectrum assets to be acquired by Licensee. Both spectrum management software products rely upon access to current data provided by the Federal Communications Commission ("FCC") through its Universal Licensing System ("ULS"). Both software products have mapping capability and ability to determine appropriate co-channel distance separation requirements for use of 900 MHz spectrum under current FCC rules.

Pricing:

Both spectrum management software products will be provided *** from the Effective date until January 1, 2015. Thereafter, for each six month renewal term per Section 5, Licensee will compensate Sprint at a rate of ***. Sprint shall deliver an invoice to Licensee by the twenty-first (21st) day of the month following each Quarterly Accounting period. Licensee will remit to Sprint an amount equal to the invoice within thirty (30) days of receipt or notify Sprint of any issues with the invoice.

Additional Terms:

1. Sprint agrees to provide training assistance for the use of the software products, which will consist of two (2) four-hour training sessions for FapX and two (2) four-hour training sessions for Inspectra. The training may be arranged to take place at Sprint offices in Atlanta, Georgia and/or Reston, Virginia or via webinar. If travel is required for the Sprint employee to Reston to conduct training, Licensee is responsible for those costs.
2. Sprint agrees to provide ongoing updates of relevant 900 MHz data accessible by the software products for Licensees use.
3. Sprint agrees to provide ongoing assistance to Licensee for Licensee's own use of the software products and agrees to provide Licensee required connectivity and provide support for issues related to Sprint's data servers.
4. PDV agrees that all use of the spectrum management software products will be restricted to PDV-owned computer assets and that Sprint may require PDV to use assets with specific technical requirements to properly access Sprint's data servers and/or use the spectrum management software products.

SPECTRUM RIGHTS AGREEMENT

This Spectrum Rights Agreement (this "Agreement") is entered into as of September 8, 2014 (the "Effective Date") by and between PDV Spectrum Holding Company, LLC, a Delaware limited liability company ("SHC"), and Motorola Solutions, Inc., a Delaware corporation ("MSI") and, together with SHC, the "Parties" and each a "Party").

RECITALS

WHEREAS, Pacific DataVision, Inc., a Delaware corporation ("PDV"), has an agreement to acquire from subsidiaries of Sprint Corporation, pursuant to Final Orders (as defined below), the Major Trading Area licenses (the "MTA Licenses") and site specific licenses (the "Site-Specific Licenses"), all of which are specialized mobile radio ("SMR") licenses issued by the Federal Communications Commission (the "FCC") for spectrum at 896-901 MHz and 935-940 MHz ("900 MHz Spectrum"), and all of which MTA Licenses and Site-Specific Licenses are listed and identified on Schedule A attached hereto (and all such licenses so listed and identified on Schedule A collectively, the "Licenses");

WHEREAS, PDV has agreed to contribute the Licenses to SHC in exchange for an equity interest therein, as set forth in the Membership Interest Purchase Agreement, dated as of the date hereof (the "MIPA");

WHEREAS, MSI has agreed to contribute Seventeen Million Five Hundred Thousand Dollars (\$17,500,000.00) to SHC in connection with the issuance to MSI of Class B Units in SHC, as set forth in the MIPA (the "Contribution Amount");

WHEREAS, Seven Million Five Hundred Thousand Dollars (\$7,500,000.00) of the Contribution Amount will be deemed a fully paid-up (exclusive of any amounts that may be assessed or imposed by any Governmental Authority (as defined below) on or in respect of the leasing transactions contemplated herein), non-refundable leasing fee, as described in Section 1.4 hereof;

WHEREAS, pending FCC adoption of rules to realign the 900 MHz Spectrum for broadband, SHC's business will include the leasing to MSI of certain Licenses' paired 12.5 kHz channels (the "Channels") for the provision of Narrowband Services to the end user customers of MSI and MSI's Radio Solution Channel Partners ("MSI End Users"); and MSI, its Affiliates and MSI End Users that obtain leases (or comparable usage rights) to Channels as provided herein being referred to individually as an "MSI Party" and collectively as "MSI Parties") using equipment manufactured or provided by MSI (an "MSI System");

NOW, THEREFORE, in consideration of the mutual covenants herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto, each intending to be legally bound, do hereby agree as follows:

ARTICLE I.

MSI SPECTRUM LEASES

Section 1.1. MSI's Lease of Channels

(a) If, on or before December 31, 2020, MSI identifies to SHC a *bona fide* potential MSI End User eligible and desirous of operating an MSI System to provide Narrowband Services solely for its own internal communications purposes (including those of its Affiliated entities, if any), and with such MSI System being maintained primarily by full-time employees of such MSI End User or its Affiliated entities and/or by personnel of MSI, its Affiliates or an MSI Radio Solution Channel Partner retained as a contractor by such MSI End User (an MSI End User described in the foregoing language of this Section 1.1(a), a "Qualified MSI End User") and describes to SHC the technical parameters of the MSI System (the "System Parameters"), and if SHC holds Channels suitable for the MSI System, then MSI shall have the right to enter into a Lease with SHC for the Channels required for the MSI System in accordance with the terms of this ARTICLE I; provided, however, that in each Major Trading Area ("MTA") in which SHC holds Licenses, MSI in the aggregate may lease from SHC, for use and reuse (as use and reuse are described specifically in Section 1.2 below) throughout the MTA, only the lesser of (i) *** of the total number of Channels that SHC holds in such MTA and (ii) *** Channels. For the avoidance of doubt, for purposes of use of the Narrowband Services a Qualified MSI End User will include associated third party personnel whose work is directly related to the operation, safety or efficiency of the identified Qualified MSI End User at such Qualified MSI End User's facility.

(b) The Channels leased to MSI shall be used solely to provide Narrowband Services to Qualified MSI End Users. MSI and the Qualified MSI End Users shall not make any other use of the Channels, including but not limited to subleasing the Channels to any other end-user or to any commercial radio system operators or carriers. The Parties specifically and clearly intend that Channels leased to MSI will not be used in such a manner as to be competitive to PDV's offered services (i.e., (1) the Channels will not be used to provide wide area communications services, even if such services are solely for the relevant Qualified MSI End User's own internal communications purposes such that MSI will limit transmissions to a maximum *** mile radius from a Qualified MSI End User's base station facilities; (2) system equipment and infrastructure that utilize the leased Channels will not be shared among multiple end-users, provided that associated third party personnel whose work is directly related to the operation, safety or efficiency of the identified Qualified MSI End User are permitted to use the Narrowband Services at such Qualified MSI End User's facility; (3) system equipment and infrastructure that utilize the leased Channels will not be made available to the relevant Qualified MSI End User pursuant to a "subscription model" (fee per user/fee per services) economic arrangement, but will be acquired by such Qualified MSI End User either by purchase or pursuant to "financing lease" arrangements, except with the express written consent of SHC; and (4) private systems that utilize the leased Channels will not be sold by MSI or its Radio Solution Channel Partners to end-users who have less than *** employees within any geographic area where PDV operates (or commits to operate) a wide area system that substantially meets the coverage and reliability needs of the end- user).

*** Portions of this page have been omitted pursuant to a request for Confidential Treatment and filed separately with the Commission.

(i) MSI is entering into this Agreement to enable the sale of radio communications systems via MSI's Direct Sales Team and via MSI's Radio Solutions Channel Partners utilizing a "sell with" model. The Channels will be used where other frequencies are not readily available and where combining equipment with spectrum creates value. Because MSI will have access to a maximum of *** Channels in any MTA, MSI will seek, whenever possible, to focus on density (highest number of subscriber users within the coverage area), to the extent consistent with the communications requirements of MSI's identified Qualified MSI End Users. This approach will allow for multiple instances of frequency reuse across each geographic area, subject, however, to compliance with the use and reuse procedures contemplated in Section 1.2 below.

(ii) Examples of potential Qualified MSI End Users include:

- (i) Manufacturing facilities using radio communication systems for the coordination of personnel within their facility to improve efficiency and safety.
- (ii) Petrochemical refineries using radio communications system for the coordination of personnel. This may include associated third party personnel who are working on the facility grounds and engaged in work directly related to the operational safety and efficiency of the refinery.
- (iii) Utility power generation facilities using radio communications systems for operation and safety in and around the grounds of the facilities.
- (iv) Large Entertainment establishments, which use radio communications systems for safety, efficiency, and improving the guest experience.

(c) SHC and MSI shall cooperate and use all commercially reasonable efforts to prepare and file promptly with the FCC all forms and related exhibits, certifications and other documents necessary to satisfy the FCC's requirements for each Lease. MSI shall bear its own costs and any other commercially reasonable costs associated with such FCC filings; provided that MSI shall not be required to bear or reimburse SHC or any of its Affiliates for any costs incurred by such parties in preparing and/or filing with the FCC any form, related exhibit, certification or other documentation that, by law or customarily, is prepared, filed or produced by such party to satisfy, or in connection with the satisfaction of, the FCC's requirements for each Lease.

Section 1.2. Identification of Channels To Be Leased to MSI

(a) SHC shall identify the Channels to be leased to MSI in accordance with the following standards.

*** Portions of this page have been omitted pursuant to a request for Confidential Treatment and filed separately with the Commission.

(i) The first *** Channels leased to MSI shall come from the lowest available block of PDV licensed Channels for the relevant MTA. In most cases, this will be Block A, but if SHC does not hold Block A, then MSI will be entitled to lease the next lowest block. If MSI is assigned other than Block A in any MTA and SHC is the co-channel licensee in an adjacent MTA, then the operations of SHC and MSI at the MTA border will be governed by 47 C.F.R. § 90.671, and the parties otherwise will reasonably coordinate and cooperate in good faith so as to permit each to operate its relevant Channels efficiently, and with a minimum of interference and/or disruption to the other's operation in the relevant MTA border areas.

(ii) The second group of up to *** Channels leased to MSI in each relevant MTA will be selected by SHC from an inventory of the lowest Channels in the relevant Site-Specific Licenses or, if SHC does not hold a sufficient number of Site-Specific Licenses in such MTA in its inventory, SHC shall select the appropriate number of channels from the lowest available MTA SMR block held by it in such MTA as contemplated below, subject to the parties' understanding and agreement that such Channels shall be leased for use at a specified location in such MTA as though they were subject to Site-Specific Licenses. For each Qualified MSI End User, SHC will lease to MSI a site-specific Channel(s) with an operating contour to be mutually agreed upon, that satisfies the Qualified MSI End User's System Parameters. Each Channel leased from a Site-Specific License (or from an MTA SMR block license treated as though it were a Site-Specific License, as described in this Section) to meet a particular Qualified MSI End User's System Parameters will be counted as a discrete channel for purposes of reaching the relevant site-based Channel cap in the MTA, except that the re-use of a Channel by more than a single Qualified MSI End User will be treated as only one Channel provided that (i) the locations' communications service is contained entirely within the original site's 40 dBu service contour and (ii) the original site's 22 dBu interference contour is not increased and (iii) the relevant Qualified MSI End Users shall be solely responsible for coordinating their operations on such Channel so as to avoid or minimize interference or other adverse consequences associated with their respective uses of such Channel, and SHC shall have no responsibility or liability for such matters. Alternatively, where SHC does not have sufficient site-based Channels, the channels will be provided from *** through disaggregation and partitioning to accommodate the relevant System Parameters, as contemplated above. Both the selection of Channel(s) to satisfy System Parameters and SHC's actual or potential use of the same Channel(s) in surrounding areas will be governed by 47 C.F.R. § 90.621(b) and any subsequent rule(s) adopted by the FCC governing 900 MHz site-based co-channel protection.

(b) If any of the identified Channels cannot be used at a location within an MTA due to the existence of third-party incumbent operations, MTA border limitations, or other spectrum encumbrances that are not caused by MSI's or MSI End Users' own use of the Channel at that location, then SHC shall provide for MSI's use at that location such suitable alternative Channels as SHC may select from among the Licenses or, if permitted by law, from Business/Industrial/Land/Transportation licenses in the 900 MHz Spectrum. MSI will have a reasonable opportunity to select other Channels if MSI reasonably determines that interference persists in an amount determined to have a significant negative impact on operations. Further,

*** Portions of this page have been omitted pursuant to a request for Confidential Treatment and filed separately with the Commission.

where SHC has less than *** channels in an MTA, the maximum number of channels leased to MSI will be *** of SHC's 900 MHz Spectrum rounded to the lower whole number of channels.

Section 1.3. Term of MSI Leases

(a) The initial term of a Lease for a Channel shall extend from the date of FCC approval for the relevant Lease until seven years from such date on which MSI enters into an initial contract with an End User for Narrowband Services using the Channel (the "Contract Date"), provided that the Contract Date (as defined below) is on or before December 31, 2020. Where the FCC Rules do not permit a Lease term of that length because it would extend beyond the term of the License or otherwise, then MSI may lease the Channel for the maximum time permitted under the FCC Rules, and then may renew the Lease until the date which is the earlier of (i) seven (7) years from the Contract Date and (ii) December 31, 2030, and such initial Lease and renewal terms shall together be deemed the "Initial Term."

(b) At MSI's request, a Lease may be renewed one or more times (for renewal terms of not less than 12 months) beyond the Initial Term for an aggregate total of up to three (3) years (collectively, the "Renewal Term"); provided, that (i) no Renewal Term shall extend beyond December 31, 2030 and (ii) no Initial Term together with the related Renewal Term shall, in the aggregate, exceed ten (10) years.

(c) SHC in its sole discretion (i) may permit additional Lease renewals beyond the Renewal Term through December 31, 2030 and/or for more than three (3) years in the aggregate and (ii) may enter into Leases with MSI where the relevant FCC approval date and/or Contract Date is after December 31, 2020 and (iii) may enter into leases with MSI covering channels other than 900 MHz Spectrum ((i), (ii) and (iii) collectively, "Additional Fee Leases").

(d) Any Renewal Term or Additional Fee Leases are subject to the FCC Rules governing the permissible term of a lease for the applicable License as described in Section 1.3 (a) above.

Section 1.4. MSI's Fully Paid-Up Leasing Fee

The sum of Seven Million Five Hundred Thousand Dollars (\$7,500,000.00) of the Contribution Amount is the fully paid-up, non-refundable leasing fee (the "Leasing Fee"), which shall be the total consideration payable by MSI to SHC for the Initial Term and the Renewal Term (but is acknowledged not to include amounts payable to any Governmental Authority on or in respect of the Channel leasing transactions contemplated herein). The Leasing Fee does not include any amount payable for or with respect to the Additional Fee Leases, if any are entered into by SHC in its sole discretion, consideration for which shall be negotiated in good faith between MSI and SHC.

Section 1.5. Suitability of Licenses

SHC represents that, under the Communications Act and the FCC Rules, MSI may use the Licenses for the purposes identified in Section 1.1 following notification to or consent from

*** Portions of this page have been omitted pursuant to a request for Confidential Treatment and filed separately with the Commission.

the FCC of the Lease pursuant to 47 C.F.R. § 1.9020(e) or § 1.9030(e), as applicable, and assuming the Qualified MSI End User complies with applicable FCC eligibility and usage requirements.

ARTICLE II.

SPECTRUM MANAGEMENT

Section 2.1. Spectrum Management Principles

(a) Channels leased pursuant to Section 1.1(a) will be subject to Leases intended to qualify as “de facto transfer leases” under the applicable FCC Rules and will be managed by MSI using generally accepted industry practices, including 40/22 dBu co-channel protection ratios for narrowband systems and, where needed, engineering analysis for any short-spacing between co-channel operations.

(b) SHC will use its commercially reasonable efforts to minimize adjacent channel interference (as to those channels that are included in the Licenses and that are not at such time subject to a Lease) when needed to protect Qualified MSI End Users from such interference; provided that such Qualified MSI End Users are operating their MSI System in compliance with all applicable FCC Rules and the terms of this Agreement and the relevant Lease.

Section 2.2. Spectrum Management Planning

(a) SHC will keep MSI reasonably advised of proposals and actions being contemplated by SHC involving spectrum planning and management of spectrum used by MSI and will provide MSI with reasonable advance notice prior to implementing any decisions that would adversely impact the intended operation of Channels that are at the time subject to a Lease and used by Qualified MSI End Users.

(b) If the Licenses in an MTA transition to broadband use, as set forth in Section 3.1(b), SHC will manage such Licenses using generally accepted industry practices for broadband to the extent necessary to eliminate or minimize interference should there be any remaining Channels leased by MSI and in use; provided that such remaining Channels are being used by MSI in compliance with all applicable FCC Rules and the terms of this Agreement and the relevant Lease.

ARTICLE III.

RELOCATION AND REPURPOSING

Section 3.1. Relocation and Repurposing Principles

(a) The Parties acknowledge MSI’s need to be able to provide long-term communications solutions to Qualified MSI End Users who may be purchasing infrastructure for Narrowband Services in the near term and as such will endeavor to work to support that access.

(b) The Parties also acknowledge the need for SHC to have flexibility relative to the usage of the 900 MHz Spectrum and SHC’s and PDV’s efforts to transition the 900 MHz Spectrum to broadband use, and as such will endeavor to work to support that flexibility. In

particular, the Parties acknowledge that it is possible that, among other circumstances, customer demand for Narrowband Services may decrease in the future as technology evolves and that, as a result, the Qualified MSI End Users may require fewer Channels than set forth in Sections 1.1(a) hereof. In those circumstances and elsewhere, so long as (with respect to any one or more MTAs) there may be sufficient spectrum held by SHC, or available for acquisition by SHC, to accommodate Qualified MSI End Users in such a manner as to not prohibit deployment of a *** broadband network on the 900 MHz Spectrum during the Term, the Parties will cooperate in good faith (including, in the case of MSI, in obtaining the good faith cooperation of the relevant Qualified MSI End User(s)) to permit SHC and/or PDV to proceed with such deployment of a *** broadband network.

(c) The Parties will make reasonable efforts to work together to ensure that needs are met for both broadband and narrowband customers.

Section 3.2. Relocation and Repurposing Policies

(a) The Leases and MSI subleases shall contemplate the relocation of Qualified MSI End Users to accommodate the deployment of more spectrally efficient technologies.

(b) MSI shall have the right to be consulted by SHC in the context of SHC's planning of any repurposing of the 900 MHz Spectrum for broadband as it relates to its Leases.

(c) Any relocation of Qualified MSI End Users shall be subject to MSI's consent, which consent shall not be unreasonably withheld, delayed or conditioned, and SHC shall cause PDV to bear the reasonable cost of such relocation.

(d) Any repurposing of 900 MHz Spectrum for broadband use by SHC or PDV that requires or involves relocation of Qualified MSI End Users will be implemented pursuant to a reasonably acceptable transition arrangement that minimizes the impact of such relocation on such Qualified MSI End Users.

(e) Wherever possible, relocation of Qualified MSI End Users shall occur to other Channels of 900 MHz Spectrum held or leased by SHC and shall be effected by reprogramming or retuning existing equipment.

(f) If SHC, MSI and the affected Qualified MSI End User (where appropriate) agree to a relocation outside the 900 MHz Spectrum, and if PDV must bear the cost of such relocation pursuant to Section 3.2(c), then MSI shall make equipment required for such relocation available to PDV at a price and on terms meeting the Required Sourcing Criteria or, if MSI fails to do so, PDV shall be free to obtain similar comparable equipment from sources other than from or through MSI or its Affiliates at such prices and on such terms as PDV determines in its sole discretion. Notwithstanding the foregoing and subject to the prior written consent of MSI, which consent shall not be unreasonably withheld or delayed, if the affected Qualified MSI End User is willing to accept arrangements proposed by SHC that involve employing used MSI equipment in such relocation, then SHC and PDV shall have no obligation to purchase equipment from or through MSI for purposes of such relocation.

ARTICLE IV.

MSI EQUIPMENT AND SERVICES

Section 4.1. MSI Equipment.

(a) ***, SHC and PDV shall require any third party (other than any MSI Party) using the Channels included in the Licenses to provide Narrowband Services to use ***, unless otherwise agreed by MSI in writing. *** SHC shall not lease, or permit the sublease, of any Channels to ***.

(b) ***, SHC's and/or PDV's obligation to purchase *** hereunder will continue so long as MSI makes ***, and such *** meets the then applicable Required Sourcing Criteria and if such *** or such Required Sourcing Criteria are not met, after notice and a reasonable opportunity for MSI to cure, then SHC and/or PDV may obtain *** from or through *** without being in breach of any of its obligations hereunder.

Section 4.2. MSI Services

During the Term, SHC shall (at MSI's request) and only to the extent feasible, recommend to PDV that PDV use MSI partners or MSI as the preferred service providers for maintenance of equipment furnished by MSI pursuant to Section 4.1(a). The decision to use such MSI partners or MSI is solely up to the discretion of PDV.

ARTICLE V.

MSI PRODUCT DEVELOPMENT

Section 5.1. Technology Roadmap

(a) MSI will work together in good faith with PDV on technology and product planning, with the aim of developing a long term technology roadmap for MSI products that will provide agreed upon solutions to meet existing and reasonably anticipated needs of PDV customers over time.

(b) MSI will schedule an initial meeting as soon as practical and will commit to at least two (2) meetings annually where PDV would have an opportunity to review MSI's roadmap and provide input, make requests and generally discuss needs for the future.

*** Portions of this page have been omitted pursuant to a request for Confidential Treatment and filed separately with the Commission.

(c) MSI will seriously consider all such input. In light of the difficulty of making future commitment to products and services not yet developed, MSI may not be able to implement all requests

Section 5.2. MOTOTRBO

- (a) MSI will permit PDV to have input in regard to timely enhancements to the *** to ensure scalability, usability and maintainability.
- (b) MSI commits to use its *** to address performance issues identified by PDV.

Section 5.3. Repurposed 900 MHz Spectrum

- (a) If the 900 MHz Spectrum is repurposed for broadband, and if *** then during the Term, SHC shall cause MSI to be *** provider of broadband equipment to be deployed on the 900 MHz Spectrum, so long as such equipment complies with the Required Sourcing Criteria.
- (b) During the Term, SHC will review with MSI at appropriate times SHC's and/or PDV's plans to make broadband services commercially available in a particular market or markets and permit MSI a reasonable opportunity to provide input, make requests and generally discuss its own and its Affiliates and their respective customer's actual or potential needs for such broadband services in the future. SHC will seriously consider all such input, including any requests from MSI to *** from SHC's and/or PDV's standard pricing for such services to its and/or its Affiliates' customers. SHC acknowledges and agrees that none of such customers are obligated (and MSI is not required to obligate) any of such customers to source some or all of their broadband service needs from or through SHC and/or PDV.
- (c) During the Term, SHC shall cause PDV to make its broadband solutions for 900 MHz Spectrum available to MSI, but solely for MSI's and/or its Affiliates' own internal use (and in no event for resale or "white-labeling" for, to or by third party users) at prices and on terms *** that PDV makes available at such time to its own third party subscribers for such services in similar circumstances.

ARTICLE VI.

TERMINATION

Section 6.1. Termination.

Anything contained in this Agreement to the contrary notwithstanding, this Agreement may be terminated, by written notice given to the other Party hereto, as follows:

- (a) by the mutual written consent of the Parties;

*** Portions of this page have been omitted pursuant to a request for Confidential Treatment and filed separately with the Commission.

- (b) by any Party, if any Party shall be subject to the filing of an involuntary or voluntary petition for bankruptcy, that is not dismissed within thirty (30) days of the date of filing (or, if a petition to dismiss is filed within such 30 day period and is diligently prosecuted thereafter, within sixty (60) days of the date of filing);
- (c) if either Party fails to perform a material obligation under this Agreement, the other Party may consider the non-performing Party to be in default (unless a Force Majeure causes the failure or otherwise prevents such non-performing party from meeting, or timely meeting, any of its material obligations under this Agreement) and may assert a default claim by giving the non-performing Party a written and detailed notice of default. The defaulting Party will have thirty (30) days after receipt of the notice of default to either cure the default or, if the default is not curable within thirty (30) days, provide a written cure plan to the other party, who shall promptly review such plan and approve such plan, as submitted or with such reasonable changes thereto as such other party may propose. If such plan is approved as submitted, or if the defaulting party accepts such plan as modified by the other party, the defaulting Party will begin implementing such cure plan immediately after receipt of notice by the other Party that it approves the plan as submitted or with the specified changes, as the case may be; and
- (d) if a defaulting Party fails to cure the default as provided above in subsection (d), unless otherwise agreed in writing, the non-defaulting Party may terminate any unfulfilled portion of this Agreement.

The Parties acknowledge and agree that any usage of leased Channels by any Person originally identified by MSI as a Qualified MSI End User is premised on such Person remaining, and shall cease absolutely upon such Person ceasing to be, a Qualified MSI End User, and appropriate language to such effect shall be included in all Leases (and in all grants of related Channel usage rights by MSI to each such identified Qualified MSI End User.

Section 6.2. Effect of Termination.

Any termination of this Agreement effected as provided pursuant to Section 6.1 above by either Party shall result automatically in the contemporaneous termination of all Leases then in effect, and all other agreements between MSI and/or its Affiliates and any MSI End User that grants a right to use any of the Channels subject to any Lease, and all rights to such Channels, including without limitation exclusive usage rights, shall revert automatically to and become vested in SHC. If SHC is the Party properly exercising such termination right, then SHC's sole remedy as a result of or otherwise arising from or out of such termination shall be to *** If MSI is the Party properly exercising such termination right, then MSI's sole remedy as a result of or otherwise arising from or out of such termination shall be to receive a liquidated damages payment from SHC in the amount of *** (i.e., that portion of ***). The Parties acknowledge that any disputes or disagreements regarding the availability or exercise of termination rights hereunder to or by either Party, or any calculation relevant to such termination, shall be resolved through the procedures contemplated in Section 8.13 below.

MISCELLANEOUS

Section 8.1. Further Instruments and Actions.

The Parties agree to execute such further instruments and to take such further action as may reasonably be necessary to carry out the intent of this Agreement.

Section 8.2. Governing Law.

The Parties agree that all questions pertaining to the validity and interpretation of this Agreement shall be determined in accordance with the laws of the State of Delaware, without regard to the principles of conflicts of laws.

Section 8.3. Amendments and Waivers.

This Agreement represents the entire understanding of the Parties with respect to the subject matter hereof and supersedes all previous understandings, written or oral. This Agreement may only be amended with the written consent of the Parties, or the successors or assigns of the foregoing, and no oral waiver or amendment shall be effective under any circumstances whatsoever.

Section 8.4 Assignability and Subcontracting; No Third Party Beneficiaries.

Except as provided herein, neither Party may assign this Agreement or any of its rights or obligations hereunder without the prior written consent of the other Party, which consent will not be unreasonably withheld. Any attempted assignment, delegation, or transfer without the

necessary consent will be void, and all assignments otherwise properly made hereunder, to the extent the same require FCC review, consent or approval, are contingent upon and shall not become effective until the satisfaction of such requirements and receipt of an appropriate Final Order. Notwithstanding the foregoing, MSI may assign this Agreement to any of its Affiliates without the prior consent of SHC; provided, that MSI remains jointly and severally liable with such Affiliate for the timely and full performance by such assignee of its obligations under this Agreement. In addition, in the event MSI separates one or more of its businesses (each a "Separated Business"), whether by way of a sale, establishment of a joint venture, spin-off or otherwise (each a "Separation Event"), MSI may, without the prior written consent of the other Party and at no additional cost to MSI, assign this Agreement such that it will continue to benefit the Separated Business and its Affiliates (and MSI and its Affiliates, to the extent applicable) following the Separation Event; provided, that MSI remains jointly and severally liable with such Separated Business for the timely and full performance by such Separated Business of its obligations under this Agreement. MSI may subcontract any of the work, but subcontracting will not relieve MSI of its duties under this Agreement. This Agreement is intended to be for the sole and exclusive benefit of the Parties hereto and their respective successors and permitted assigns, and nothing in this Agreement, express or implied, is intended to or shall confer upon any Person (including, without limitation, any MSI Radio Solution Channel Partner and any MSI End User) the status of an intended third party beneficiary hereof, or any right, benefit or remedy of any nature whatsoever under or by reason of this Agreement.

8.5 Waiver.

Failure or delay by either Party to exercise a right or power under this Agreement will not be a waiver of the right or power. For a waiver of a right or power to be effective, it must be in a writing signed by the waiving Party. An effective waiver of a right or power will not be construed as either a future or continuing waiver of that same right or power, or the waiver of any other right or power.

8.6 Severability.

If a court of competent jurisdiction renders any part of this Agreement invalid or unenforceable, that part will be severed and the remainder of this Agreement will continue in full force and effect.

8.7 Independent Contractors.

Each Party will perform its duties under this Agreement as an independent contractor. The Parties and their personnel will not be considered to be employees or agents of the other Party. Nothing in this Agreement will be interpreted as granting either Party the right or authority to make commitments of any kind for the other. This Agreement will not constitute, create, or be interpreted as a joint venture, partnership or formal business organization of any kind.

8.8 Headings and Section References.

The section headings in this Agreement are inserted only for convenience and are not to be construed as part of this Agreement or as a limitation of the scope of the particular section to which the heading refers. This Agreement will be fairly interpreted in accordance with its terms and conditions and not for or against either Party.

8.9 Entire Agreement.

This Agreement, including all Exhibits and Schedules, constitutes the entire agreement of the Parties regarding the subject matter of the Agreement and supersedes all previous agreements, proposals, and understandings, whether written or oral, relating to this subject matter. This Agreement may be executed in multiple counterparts, and shall have the same legal force and effect as if the Parties had executed it as a single document. The Parties may sign in writing, or by electronic signature, including by email. An electronic signature, or a facsimile copy or computer image, such as a PDF or tiff image, of a signature, shall be treated as and shall have the same effect as an original signature. In addition, an electronic signature, a true and correct facsimile copy or computer image of this Agreement shall be treated as and shall have the same effect as an original signed copy of this document. This Agreement may be amended or modified only by a written instrument signed by authorized representatives of both Parties. The preprinted terms and conditions found on any customer purchase order or on any seller, agent, manufacturer, shipper or other order summary, acceptance or confirmation form, or any acknowledgment or other form, will not be considered an amendment or modification of this Agreement, even if a representative of each Party signs that document.

8.10 Notices.

Notices required under this Agreement to be given by one Party to the other must be in writing and either personally delivered or sent to the address shown below by certified mail, return receipt requested and postage prepaid (or by a recognized courier service, such as Federal Express, UPS, or DHL), or by facsimile with correct answerback received, and will be effective upon receipt:

8.11 Compliance With Applicable Laws.

Each Party will comply with all applicable federal, state, and local laws, regulations and rules concerning the performance of this Agreement, including, but not limited to all FCC required licenses and authorizations.

8.12 Authority To Execute Agreement.

Each Party represents that it has obtained all necessary approvals, consents and authorizations to enter into this Agreement and to perform its duties under this Agreement, other than the consent or approval of the FCC as to any Lease, as contemplated herein; the person executing this Agreement on its behalf has the authority to do so; upon execution and delivery of this Agreement by the Parties, it is a valid and binding contract, enforceable in accordance with its terms; and the execution, delivery, and performance of this Agreement does not violate any bylaw, charter, regulation, law or any other governing authority of the Party.

8.13 Dispute Resolution.

The Parties will attempt to settle any claim or controversy arising out of this Agreement through consultation and negotiation in good faith and spirit of mutual cooperation. Disputes will be resolved by the following process. The dispute will be submitted in writing to a panel of two (2) senior executives from each of the Parties for resolution. If the executives are unable to resolve the dispute within fifteen (15) days, either Party may refer the dispute to mediation, the cost of which will be shared equally by the Parties, except that each Party will pay its own attorney's fees. Within fifteen (15) days after written notice demanding mediation, the Parties will choose a mutually acceptable mediator. Neither Party will unreasonably withhold consent to the selection of the mediator. Mediation will be conducted in Illinois. If the dispute cannot be resolved through mediation within forty-five (45) days, either party may submit the dispute to a state or federal court of competent jurisdiction. Use of any dispute resolution procedure will not be construed under the doctrines of laches, waiver, or estoppel to adversely affect the rights of either party. Nothing herein prevents either party from resorting directly to judicial proceedings if the dispute is with respect to Intellectual Property Rights, or interim relief from a court is necessary to prevent serious and irreparable injury to a Party or others. Performance under this Agreement will not be suspended during the pendency of any dispute.

8.14 Remedies; Limitation of Liability

In the event of any breach, default, failure or delay by either Party to perform its respective duties or to fulfill its respective obligations hereunder, the Parties specifically acknowledge and agree that all appropriate rights and remedies, whether specified in this Agreement, or provided in law or at equity, shall be available to the non-breaching or non-defaulting Party, or to the Party entitled to the performance or fulfillment of the relevant duty or obligation. In the case of equitable remedies, each of the Parties acknowledges that such breaches, defaults, failures or delays by a Party may result in or irreparable harm to the other Party, and so irrevocably consents to the aggrieved Party seeking and obtaining equitable remedies, including, without limitation, in the nature of specific performance and temporary and permanent injunctive relief, with any requirement that such aggrieved Party allege and/or prove the inadequacy of monetary damages as a remedy, and each Party hereby waives any requirement for security or the posting of any bond or other surety in connection with any temporary or permanent award of injunctive, mandatory or other equitable relief. The Parties further specifically acknowledge that the non-breaching or non-defaulting Party, or the Party entitled to the performance or fulfillment of the relevant duty or obligation may, subject to all notice requirements and cure opportunities stated herein or otherwise provided by applicable law, shall have as an available remedy the right to make and implement reasonable arrangements to have such breach or default cured, or to have such duty performed or obligations fulfilled, by its own efforts and/or those of third parties, and may charge the reasonable costs of effecting such cure or obtaining such performance or fulfillment to the breaching, defaulting, non-performing or non-fulfilling Party, as appropriate. Except as otherwise expressly stated otherwise herein, all rights and remedies available to the Parties are cumulative, and a Party's exercise of any right or remedy shall not constitute an election of remedy or right as exclusive, or foreclose any contemporaneous or future exercise of any other right or remedy; provided that each of the Parties agree that the remedy of termination, as provided in Section 6.1 above, and the consequences thereof, are specifically intended to be exclusive and to preempt the availability or exercise of other rights or remedies once such termination election has been made by, and receipt of such termination compensation is made to, the Party entitled to same. Notwithstanding anything in this Agreement to the contrary, neither Party shall have any liability, whether under this Agreement, at law or in equity, for (i) any punitive or exemplary damages, or (ii) any special, consequential, incidental or indirect damages, including lost profits, lost data, lost revenues and loss of business opportunity, whether or not the other Party was aware or should have been aware of the possibility of these damages.

8.15 Attorney Fees and Costs

Should any Party be required to retain the services of any attorney to file an action to enforce any of its rights hereunder, or under any other document executed and delivered pursuant to this Agreement, the Party prevailing in such action shall be entitled to recover from the other Party reasonable attorney's fees and court costs in connection therewith in an amount to be fixed by the court hearing the action.

The Parties hereby enter into this Agreement as of the Effective Date.
